# **Instructions**

#### Changes effective for 2012

Form IT-2104 has been revised for tax year 2012. The worksheet on page 3, the charts beginning on page 4, and the additional dollar amounts in the instructions on page 2, used to compute your withholding allowances or to enter an additional dollar amount on line(s) 3, 4, or 5, have been revised. If you previously filed a Form IT-2104 and used the worksheet, charts, or the additional dollar amounts, you should complete a new 2012 Form IT-2104 and give it to your employer.

### Who should file this form

This certificate, Form IT-2104, is completed by an employee and given to the employer to instruct the employer how much New York State (and New York City and Yonkers) tax to withhold from the employee's pay. The more allowances claimed, the lower the amount of tax withheld.

If you do not file Form IT-2104, your employer may use the same number of allowances you claimed on federal Form W-4. Due to differences in tax law, this may result in the wrong amount of tax withheld for New York State, New York City, and Yonkers. Complete Form IT-2104 each year and file it with your employer if the number of allowances you may claim

is different from federal Form W-4 or has changed. Common reasons for completing a new Form IT-2104 each year include the following:

- · You started a new job.
- You are no longer a dependent.
- Your individual circumstances may have changed (for example, you were married or have an additional child).
- You itemize your deductions on your personal income tax return.
- · You claim allowances for New York State credits.
- You owed tax or received a large refund when you filed your personal income tax return for the past year.
- Your wages have increased and you expect to earn \$100,000 or more during the tax year.
- The total income of you and your spouse has increased to \$100,000 or more for the tax year.
- You have significantly more or less income from other sources or from another job.
- · You no longer qualify for exemption from withholding.
- You have been advised by the Internal Revenue Service that you are entitled to fewer allowances than claimed on your original federal Form W-4, and the disallowed allowances were claimed on your original Form IT-2104.

# Page 2 of 7 | IT-2104 (1/12)

#### **Exemption from withholding**

You cannot use Form IT-2104 to claim exemption from withholding. To claim exemption from income tax withholding, you **must** file Form IT-2104-E, *Certificate of Exemption from Withholding*, with your employer. You must file a new certificate each year that you qualify for exemption. This exemption from withholding is allowable only if you had no New York income tax liability in the prior year, you expect none in the current year, **and** you are over 65 years of age, under 18, or a full-time student under 25. You may also claim exemption from withholding if you are a military spouse and meet the conditions set forth under the Servicemembers Civil Relief Act as amended by the Military Spouses Residency Relief Act. If you are a dependent who is under 18 or a full-time student, you may owe tax if your income is more than \$3,000.

#### Withholding allowances

You may **not** claim a withholding allowance for yourself or, if married, your spouse. Claim the number of withholding allowances you compute in Part 1 and Part 3 on page 3 of this form. If you want more tax withheld, you may claim fewer allowances. **If you claim more than 14 allowances**, your employer **must send** a copy of your **Form IT-2104** to the New York State Tax Department. You may then be asked to verify your allowances. If you arrive at negative allowances (less than zero) on lines 1 or 2 and your employer cannot accommodate negative allowances, **enter 0** and see *Additional dollar amount(s)* below.

Income from sources other than wages — If you have more than \$1,000 of income from sources other than wages (such as interest, dividends, or alimony received), reduce the number of allowances claimed on line 1 and line 2 (if applicable) of the IT-2104 certificate by one for each \$1,000 of nonwage income. If you arrive at negative allowances (less than zero), see Withholding allowances above. You may also consider filling estimated tax, especially if you have significant amounts of nonwage income. Estimated tax requires that payments be made by the employee directly to the Tax Department on a quarterly basis. For more information, see the instructions for Form IT-2105, Estimated Income Tax Payment Voucher for Individuals, or see Need help? on page 6.

Other credits (Worksheet line 13) — If you will be eligible to claim any credits other than the credits listed in the worksheet, such as an investment tax credit, you may claim additional allowances.

Find your filing status and your New York adjusted gross income (NYAGI) in the chart below, and divide the amount of the expected credit by the number indicated. Enter the result (rounded to the nearest whole number) on line 13.

Single and NYAGI is:	Head of household and NYAGI is:	Married and NYAGI is:	Divide amount of expected credit by:
Less than	Less than	Less than	66
\$200,000	\$250,000	\$300,000	
Between	Between	Between	68
\$200,000 and	\$250,000 and	\$300,000 and	
\$1,000,000	\$1,500,000	\$2,000,000	
Over	Over	Over	88
\$1,000,000	\$1,500,000	\$2,000,000	

**Example:** You are married and expect your New York adjusted gross income to be less than \$300,000. In addition, you expect to receive a flow-through of an investment tax credit from the S corporation of which you are a shareholder. The investment tax credit will be \$160. Divide the expected credit by 66. 160/66 = 2.4242. The additional withholding allowance(s) would be 2. Enter **2** on line 13.

Married couples with both spouses working — If you and your spouse both work, you should each file a separate IT-2104 certificate with your respective employers. Your withholding will better match your total tax if the higher wage-earning spouse claims all of the couple's allowances and the lower wage-earning spouse claims zero allowances. Do not claim more total allowances than you are entitled to. If your combined wages are:

- less than \$100,000, you should each mark an X in the box Married, but withhold at higher single rate on the certificate front, and divide the total number of allowances that you compute on line 17 and line 28 (if applicable) between you and your working spouse.
- \$100,000 or more, use the chart(s) in Part 4 and enter the additional withholding dollar amount on line 3.

Taxpayers with more than one job — If you have more than one job, file a separate IT-2104 certificate with each of your employers. Be sure to claim only the total number of allowances that you are entitled to. Your withholding will better match your total tax if you claim all of your allowances at your higher-paying job and zero allowances at the lower-paying job. In addition, to make sure that you have enough tax withheld, if you are a single taxpayer or head of household with two or more jobs, and your combined wages from all jobs are under \$100,000, reduce the number of allowances by seven on line 1 and line 2 (if applicable) on the certificate you file with your higher-paying job employer. If you arrive at negative allowances (less than zero), see Withholding allowances above.

If you are a single or a head of household taxpayer, and your combined wages from all of your jobs are between \$100,000 and \$2,100,000, use the chart(s) in Part 5 and enter the additional withholding dollar amount from the chart on line 3.

If you are a married taxpayer, and your combined wages from all of your jobs are \$100,000 or more, use the chart(s) in Part 4 and enter the additional withholding dollar amount from the chart on line 3 (Substitute the words *Higher-paying job* for *Higher earner's wages* within the chart).

**Dependents** — If you are a dependent of another taxpayer and expect your income to exceed \$3,000, you should reduce your withholding allowances by one for each \$1,000 of income over \$2,500. This will ensure that your employer withholds enough tax.

Following the above instructions will help to ensure that you will not owe additional tax when you file your return.

**Heads of households with only one job** — If you will use the head-of-household filing status on your state income tax return, mark the *Single or Head of household* box on the front of the certificate. If you have only one job, you may also wish to claim two additional withholding allowances on line 14.

#### Additional dollar amount(s)

You may ask your employer to withhold an additional dollar amount each pay period by completing lines 3, 4, and 5 on Form IT-2104. In most instances, if you compute a negative number of allowances and your employer cannot accommodate a negative number, for each negative allowance claimed you should have an additional \$1.85 of tax withheld per week for New York State withholding on line 3, and an additional \$0.80 of tax withheld per week for New York City withholding on line 4. Yonkers residents should use 15% (.15) of the New York State amount for additional withholding for Yonkers on line 5.

**Note:** If you are requesting your employer to withhold an additional dollar amount on lines 3, 4, or 5 of this allowance certificate, the additional dollar amount, as determined by these instructions or by using the chart(s) in Part 4 or Part 5, is accurate for a weekly payroll. Therefore, if you are not paid on a weekly basis, you will need to adjust the dollar amount(s) that you compute. For example, if you are paid biweekly, you must double the dollar amount(s) computed.

### Avoid underwithholding

Form IT-2104, together with your employer's withholding tables, is designed to ensure that the correct amount of tax is withheld from your pay. If you fail to have enough tax withheld during the entire year, you may owe a large tax liability when you file your return. The Tax Department must assess interest and may impose penalties in certain situations in addition to the tax liability. Even if you do not file a return, we may determine that you owe personal income tax, and we may assess interest and penalties on the amount of tax that you should have paid during the year.

(continued)

#### **Employers**

**Box A** — If you are required to submit a copy of an employee's Form IT-2104 to the Tax Department because the employee claimed more than 14 allowances, mark an *X* in box A and send a copy of Form IT-2104 to: **NYS Tax Department, Income Tax Audit Administrator, Withholding Certificate Coordinator, W A Harriman Campus, Albany NY 12227.** 

Due dates for sending certificates received from employees claiming more than 14 allowances are:

Quarter	Due date	Quarter	Due date
January - March	April 30	July – September	October 31
April – June	July 31	October – December	January 31

Box B — If you are submitting a copy of this form to comply with New York State's New Hire Reporting Program, mark an X in box B. Enter the first day any services are performed for which the employee will be paid wages, commissions, tips and any other type of compensation. For services based solely on commissions, this is the first day an employee working for commissions is eligible to earn commissions. Also, mark an X in the Yes or No box indicating if dependent health insurance benefits are available to this employee. If Yes, enter the date the employee qualifies for coverage. Mail the completed form, within 20 days of hiring, to: NYS Tax Department, New Hire Notification, PO Box 15119, Albany NY 12212-5119. To report newly-hired or rehired employees online instead of submitting this form, go to www.nynewhire.com.

### Worksheet

## See the instructions before completing this worksheet.

Part 1	1 — Complete this part to compute your withholding allowances for New York State and Yonke	rs (line 1).
	Enter the number of dependents that you will claim on your state return (do not include yourself or, if married, your spouse)	6
	nes 7, 8, and 9, enter 1 for each credit you expect to claim on your state return.	
	College tuition credit	
	New York State household credit	
	Real property tax credit	9
	nes 10, 11, and 12, enter 3 for each credit you expect to claim on your state return.	
	Child and dependent care credit	
11	Earned income credit	11
	Empire State child credit	
	Other credits (see instructions)	
	Head of household status and only one job (enter 2 if the situation applies)	14
15	Enter an estimate of your federal adjustments to income, such as alimony you will pay for the tax year	
	and deductible IRA contributions you will make for the tax year. Total estimate \$	
	Divide this estimate by \$1,000. Drop any fraction and enter the number	15
16	If you expect to itemize deductions on your state tax return, complete Part 2 below and enter the number from line 25.	
	All others enter 0	16
17	Add lines 6 through 16. Enter the result here and on line 1. If you have more than one job, or if you and your spouse both	1
	work, see instructions for Taxpayers with more than one job and Married couples with both spouses working	17
	Enter your estimated federal itemized deductions for the tax year  Enter your estimated state, local, and foreign income taxes or state and local general sales taxes included on line 18  (if your estimated New York AGI is over \$1 million, you must enter on line 19 all estimated federal itemized deductions included on	18
	line 18 except charitable contributions)	19.
20	Subtract line 19 from line 18	
	Enter your estimated college tuition itemized deduction	
	Add lines 20 and 21	
	Based on your federal filing status, enter the applicable amount from the table below	
		20.
	Standard deduction table	
	Single (cannot be claimed as a dependent) \$ 7,500 Qualifying widow(er)	
l I	Single (can be claimed as a dependent) \$ 3,000 Married filing jointly	
'	Head of household \$10,500 Married filing separate returns \$ 7,500	
24	Subtract line 23 from line 22 (if line 23 is larger than line 22, enter <b>0</b> here and on line 16 above)	
	Divide line 24 by \$1,000. Drop any fraction and enter the result here and on line 16 above	
Part 3	3 — Complete this part to compute your withholding allowances for New York City (line 2).	
26	Enter the amount from line 6 above	26
27	Add lines 14 through 16 above and enter total here	27.
28	Add lines 26 and 27. Enter the result here and on line 2	28

# Page 4 of 7 IT-2104 (1/12)

**Part 4** — These charts are only for married couples with both spouses working or married couples with one spouse working more than one job, and whose combined wages are between \$100,000 and \$2,100,000.

Enter the additional withholding dollar amount on line 3.

The additional dollar amount, as shown below, is accurate for a weekly payroll. If you are not paid on a weekly basis, you will need to adjust these dollar amount(s). For example, if you are paid biweekly, you must double the dollar amount(s) computed.

			Combined wages between \$100,000 and \$500,000

\$2,050,000	\$2,100,000										\$13	

**Note:** These charts do not account for additional withholding in the following instances:

- a married couple with both spouses working, where one spouse's wages are more than \$1,050,000 but less than \$2,100,000, and the other spouse's wages are also more than \$1,050,000 but less than \$2,100,000;
- married taxpayers with only one spouse working, and that spouse works more than one job, with wages from each job under \$2,100,000 but combined wages from all jobs is over \$2,100,000.

If you are in one of these situations and you would like to request an additional dollar amount of withholding from your wages, please contact the Tax Department for assistance (see *Need help?* on page 6).

# Page 6 of 7 IT-2104 (1/12)

**Part 5** — These charts are only for single taxpayers and head of household taxpayers with more than one job, and whose combined wages are between \$100,000 and \$2,100,000.

Enter the additional withholding dollar amount on line 3.

The additional dollar amount, as shown below, is accurate for a weekly payroll. If you are not paid on a weekly basis, you will need to adjust these dollar amount(s). For example, if you are paid biweekly, you must double the dollar amount(s) computed.

			Combined wages between \$100,000 and \$500,000
